

# FRIENDLY SMILES BY US

Meet Morgan Ashe Segebartt, the new general manager at Southway Pizzeria and Deli in Lewiston.

Morgan was born and raised in Lewiston and loves living in the Valley. "There are lots of opportunities to enjoy the outdoors, the weather is great, I love the four seasons and the people here are just nice!" Her husband, Dean, works at Rogers/Dodge and they have a 2-year-old son, Brock. Morgan enjoys spending time with family, often "at Grandma's house riding horses and playing with the other animals."

Morgan may be new to Southway, but she has been working for Happy Day Restaurants for four years and you may recognize her from Main St. Grill. "The most rewarding part of working with a Happy Day Restaurant is the relationships that you make with customers and co-workers. Everyone is like family; everyone cares about each other."

"I am proud of the community involvement that Happy Day participates in and the second chances that they extend to people. It allows me to be a part of people's success stories."

# ECONOMIES BY US

"Local businesses depend on every sale for their bottom line. Their local employees count on every paycheck. When you support a local business, you're helping pay their rent, power and water. Your buying decision not only makes your purchase, it's also paying for a kid's music lessons, sports gear, dance class, school supplies, and more. It makes a real difference in the lives of families in your own town."
