Today, Inland Cellular is much more than phones and related accessories. The company also is home to Emerge Technologies, serving clients with needs ranging from website design to mobile marketing, fleet management and smart-home solutions.

SERVICE BY US

"As a locally owned and independent shipping/copy store, we work to keep our prices low, but with quality products. We've lived in Clarkston for over 30 years, we care about the valley and it's people."

Online shopping has taken a huge toll on our valley. With recent store closures, jobs have been lost. Shop local to support your locally owned businesses." - Dave and Kathy Irby (Owners)
