FAST & FRESH BY US

Meet Ella Freudenberg, General Manager at Orchard Arby's. Growing up in Montana with five brothers, Ella started developing her leadership skills at a young age. After moving to Idaho in 2017 she began work at Orchard's Arby's, and by December of 2019 her excellent management abilities propelled her to the General Manager position. It was a great fit: "The fast pace of a fast-food restaurant is exciting, and I really enjoy seeing both new and returning customers." When not leading the restaurant, she enjoys going on walks or riding bikes with her son in the park in her free time.

Ella's favorite part of Happy Day Restaurants is how much they work to make you feel like you belong to a family, sharing, "They just take care of everybody as a whole." The highlight of her job is the people she gets to work with and watch them develop as people and employees. Her biggest goal is to have the fastest drive-thru of all our Happy Day restaurants!
