

EMPLOYED BY US

Meet Adrian S. Miller, front desk specialist and Newspapers in Education Coordinator for TPC Holdings, Inc., parent company of the Lewiston Tribune and Moscow-Pullman Daily News.

A Craigmont native, Adrian has a wide range of personal interests, including cooking ("and eating"), reading, writing, sampling beer and wine, and dabbling in homebrewing. "Also, I'm never one to back down from a competitive game of Scrabble."

He has been with TPC for more than three years and his job is to provide friendly customer service, both in person and over the phone. He also works with local schools for the Newspapers in Education program, along with his regular clerical, accounting, data entry, and data-maintenance duties.

"Every day comes with new and often surprising challenges. With some old-fashioned problem solving, hard work, and a good dash of humor there's no obstacle that the Tribune's Circulation Staff can't handle."

THE LEWISTON TRIBUNE
