

MADE BY US BUY LOCAL!!!

Meet Jenifer Curry, Program Director, Provider Clinical Transformation for Regence BlueShield of Idaho.

Jenifer and her husband, Dave, live near Kendrick and have been married for 34 years. They have two married children and "two beautiful granddaughters, Indigo and Violet."

She has been a registered nurse for 32 years and worked for several medical providers in the L-C Valley before starting with Regence nine years ago.

"I work with a team that collaborates with providers to help our members get connected to Regence programs and services that

will benefit them," she said. "We also focus on supporting people living with serious illness through their providers and palliative care programs as they navigate health care."

"My nurse heart loves helping connect people to support systems across their entire health care journey, whether they're in good health or dealing with illness."

Jenifer says Regence's devotion to its members makes it stand out in its field.

"Regence employs some of the best people I've ever worked with, all of whom aim to improve the lives of our members."

- 77 years serving our Idaho neighbors
- 87% operations and capital dollars spent in Idaho
