

THIS BUSINESS SUPPORTED BY LOCAL DOLLARS

Neat is a whiskey bar known for having the “most bottles per square foot” of any bar in Idaho and dedicated to bringing Moscow the widest array of whiskey, bourbon, and scotch along with curated craft cocktails. We pride ourselves on making the freshest, most balanced cocktails with citrus squeezed to order and syrups all made from scratch in house. Our owner and management team all have deep roots in this community and we love being a meeting place, watering hole, and celebration destination for the people we serve. Like most small businesses, we owe all our success to the people and community organizations who support us and collaborate with us. We hope you’ll see our gratitude through our service when you visit!
