

CELEBRATED BY US

Meet Cameron Hagen, Branch Manager of Hahn Rental Center in Kamiah.

Cameron has been with Hahn for nine years

Describe what you do at Hahn. - I make sure the flow of the rental business is steady, whether it is ordering parts, renting/scheduling equipment or even working on it. I operate this store with two other individuals, Donavan Farris and John Lagomarsino, who help keep the wheels greased and moving smoothly.

What do you like most about working at Hahn Rental? - I absolutely love the family atmosphere. Hahn has provided me a job, with a stable income and support. They make it easy to want to work for them. Hahn takes a personal interest in me. My boss, John Wilcox and others, have done a lot to make this possible. It is a really good company to work for.

What are your favorite hobbies and pastimes? - I love spending time with my wife and kids! I like being outdoors and catching up with the friends and family.

What do you enjoy most about living in the Inland Northwest? - The space and wonderful people.

27,000+
delivery miles driven
per year

Shopping and spending locally is a wise investment in the community you live in.

BUY LOCAL AND MAKE A DIFFERENCE.

ECONOMIES BY US

"It's very important to the health of my business that our community seeks to shop local first. ... It takes a community to support local business and have a thriving downtown; it takes a local business to help local charities, schools, children, athletics and art programs thrive. ... The more local shopping options there are, the more fun and interesting restaurants there are, the more folks invest into historic buildings, the more the local economy thrives."

- Keely Garrity, founder/owner/operator, Ampersand Oil and Vinegar Taphouse, downtown Moscow and Lewiston
