

# DELIVERED BY US

Meet Dane Ford, Hahn Rental Center's professional truck driver specializing in heavy equipment transport.

Dane delivers all kinds of equipment -- from small items to large, heavy snorkel lifts -- as far as the Tri-Cities, Spokane, Enterprise and Riggins. He can also be relied upon for his skills in truck maintenance and repair.

Dane and his wife, Michelle Ford, live in Lewiston with their son, Grady, 5, who loves to ride dirt bikes, camp, hunt and fish just like his dad. Dane grew up in Orofino and enjoys anything outdoors, and camps throughout the Northwest with his family.

He has been back working at Hahn for about a year and a half after having previously worked for the company for eight years. He left to work as a long-haul truck driver, but is glad to be back at Hahn where he can be home with his family every night.

"Hahn has is great company to work for. Larry Bean, General Manager and John Wilcox, Rental Center Manager, are great people to work with."

Shopping and spending locally is a wise  
investment in the community you live in.

**BUY LOCAL AND MAKE A DIFFERENCE.**

# ACCOMMODATIONS BY US

More than 80 percent of our products and services (are) purchased through local vendors and suppliers. ... Our case goods were manufactured in Ferndale. Our art pieces were made by a craftsman from the Prairie. Our televisions were purchased from a local store. Our coffee is sourced from a regional roaster. ... We sell local wines and brews along with regional and west coast brewers and vintners. We utilize locals for construction and contracting work. Knowing we've made these business connections has allowed our business to be respected and valued by our core peers, employees and community members. It also gives us a warm sense of security knowing we're helping our community prosper.

- Heidi Copeland, General Manager,  
Red Lion Hotel, Lewiston
