

SUPPLIED BY US

Meet Jay Dunkleberger, who works the service counter at Hahn Supply in downtown Lewiston.

A Clarkston native, Jay and his wife, Shannon, have been married for 19 years and have raised three kids in the Lewiston-Clarkston Valley. He has worked at Hahn for 18 years and says it's like a second family.

He describes the atmosphere at Hahn as very supportive, and says he has always been treated like a person, not a number. He even attributes the people at Hahn to helping him out greatly during a few tough times in his life.

He is very knowledgeable about plumbing and HVAC parts and helps his customers get the right parts to get the job done. He enjoys working with all the plumbers, contractors and builders in the area, and is amazed at the amount of knowledge he has gained over the years.

"No day is ever the same and I am never bored."

In the last few years he has been working on HO scale, model trains dedicating an extra room in his house for the hobby. You can check out his handiwork on YouTube at Dunk Inc. Kustom.
