Meet Anthony Johnson, converting/plant support training coordinator at Clearwater Paper in Lewiston.

Anthony and his high school sweetheart, Caralee, are married with three children: Monique, Mariya and Andre. The family takes advantage of the four seasons our area provides and especially loves fishing and boating on the river and spending time at their property in Waha.

He has worked on the tissue side of Clearwater Paper's Lewiston operation since 2014.

"What makes my job so rewarding is being able to help people," Anthony said. "It's very rewarding to be able to teach someone how to do something and watch them go out and be successful at it."

"Clearwater Paper provides a very good wage and benefits for myself and my family. I am proud to say I work with a great group of people that make it easy to come to work every day."
