

EMPLOYED BY US

Meet Jackie Mossakowski, Chief Nursing Officer at Tri-State Memorial Hospital & Medical Campus. She has been a nurse for 40+ years, and been with Tri-State since 2018. "When my family first moved here, what struck me is just how friendly everyone is. And I think that is the beauty of being in a small community. The culture at Tri-State is family focused. We are also dedicated to supporting our employee family with staffing, scheduling, and more, to help nourish and support a healthy work-life balance. The nurses here at Tri-State are given anywhere from 90-days to up to six months of support and training, to ensure that they are as successful as possible."

Tri-State provides an environment of personal and professional growth while supporting nurses as they transition from student to professional. We have several nurse recruitment programs: we hire nursing students as student nurse technicians, an on-boarding program for the Medical-Surgical and Short Stay units, and graduate nurse residency programs in emergency and critical care nursing. Tri-State also offers tuition reimbursement, excellent benefits, and opportunities for experienced nurses to advance professionally.

Tri-State Memorial Hospital is a community-owned and operated hospital focused on providing the best care, every time, to every patient. At Tri-State, the goal is to keep patient care local and always put the patient and their health as the first priority.

Tri-State is now hiring nurses in many locations!
