

# PUTTING PEOPLE FIRST

*SEL employee owners on the manufacturing floor.*

In 2012, Schweitzer Engineering Laboratories (SEL) opened the doors to its Lewiston facility. What started as a 50-person operation is now over 650 employee owners strong! On August 9, 2022, SEL Lewiston celebrated 10 years of making electric power safer, more reliable, and more economical. SEL extends a sincere thank you to the LC Valley community for making it such a wonderful place to live and work!
