

THIS BUSINESS IS SUPPORTED BY LOCAL DOLLARS

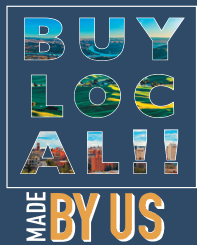

On February 20, 2019, Codi Brandt and Shelby Ward carried their "overnight bag" into the hospital excited for the birth of their son. Jackson Peter Ward was born on February 21, 2019, and, shortly thereafter, was Life Flighted to Sacred Heart in Spokane, Washington. It did not take long to learn that despite having just given birth, Codi was not a patient, and the hospital was unable to provide any items needed for her since she was not a patient. Jackson Peter Ward spent all 10 days of his life in the NICU. The "overnight bag" was inadequate for a 10-day NICU stay in another city.

Codi and Shelby created Jackson Peter Ward Strong, LCC in loving memory of Jackson Peter Ward. Jackson Peter Ward Strong, LLC is a Lewiston, Idaho based non-profit organization benefiting parents with kids in a NICU setting. NICU Survival Kits were created using items Codi and Shelby found most useful to them during their 10-day stay at Sacred Heart. These kits are given strictly to

parents with children in the NICU who don't have family around to run to the store. We plan to continue growing our non-profit and to help us keep our sweet Jackson Peter's memory alive. Looking for businesses to help sponsor boxes and/or to sponsor our upcoming events: Mardi Gras at Brock's on March 10, 2023 and Luau at Lindsey Creek on July 27th, 2023. We accept monetary donations and factory sealed products for our NICU kits.

Donations can be mailed to:
