

THIS BUSINESS IS SUPPORTED BY LOCAL DOLLARS

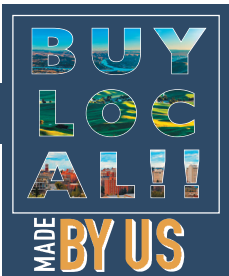

Moscow Area Mountain Bike Association (MAMBA) maintains and promotes the responsible use of recreational trails in the Moscow area, especially the trails on Moscow Mountain.

"It's an incredible and unique partnership between private landowners, public property managers, and folks who love trails. MAMBA members and local businesses help support building and maintaining recreational trails through us. We couldn't do it without their financial support and volunteering. We love hearing from folks who have their first experience on the mountain and mention how much of a hidden gem it is."

- Sandra Townsend, MAMBA Board President
