

# VALUED BY US

**Meet Jeff Elliot, Senior IT Technician at Schweitzer Engineering Laboratories (SEL).**

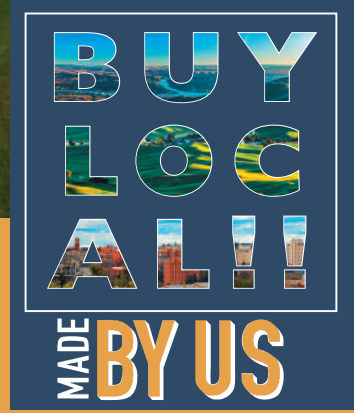

For nearly 23 years, Jeff has worked at SEL, spending 11 years in manufacturing and the past 12 in information services designing, installing, and supporting SEL conference rooms and meeting spaces. He also provides A/V support to the SEL Event Center during internal and external events.

"I find it satisfying to know the systems I manage allow the company to work as a team, even when miles apart. I enjoy being part of our weekly Friday Lunch production, where I help bring 6,000+ employees together to share company happenings. In the Event Center, I love being part of events and bringing audio/video 'magic' to hundreds of people."

Jeff and his wife, Rachel, have two children, Jayden (14) and Jennifer (7). Born and raised in Grangeville, Idaho, he enjoys camping, riding 4-wheelers, family time, and the occasional bout of Mario Kart. Jeff believes the Northwest is an outdoor lover's dream made real and a cherished secret.

# LOCAL SUPPORT BY US

The YMCA of the Palouse has been serving the Pullman area for over 128 years. On November 24, 1894 the YMCA landed on the Palouse officially as the YMCA of the Washington Agricultural College. Formed just three years after the establishment of the college, the Y initially focused on travel, placement, and residential needs of the students. Today, almost 129 years later, a lot has changed. The college became Washington State University and the Y was renamed "YMCA of the Palouse" to better represent all the communities in in the Palouse region.

The YMCA of the Palouse continues to meet the needs and challenges of our community. As a non - facility based YMCA, our current focus is child care, health, and youth programs. We partner with many organizations such as the Pullman School District, and Pullman Montessori Charter School to offer onsite extended before and after school care for youth, grades Kindergarten though 5th grade as well as maintaining our popular Spring Break and Summer Day Camps.

The vision of our YMCA and its volunteer Board of Trustees is to continue looking for and implementing new ways to expand opportunities to serve the needs of the community. We are committed to making a positive impact in the lives of all in our community, collaboration with our many partners, and providing all we serve with the best opportunity for success.
